COMPANY PRESENTATION

MAKE EVERY SURFACE A POWER SOURCE

IPAN IPAN is a french company specialized in wireless charging for public places since 2011.

It develops, designs and manufactures its wireless charging solutions for the furniture industry, hospitality market and professional installers.

As an active member of the Wireless Power Consortium (WPC), IPAN IPAN offers Qi certified solutions in order to guarantee the highest safety and quality level to its customers and users.

IPAN IPAN innovates to provide state-of-the-art wireless charging solutions in line with the constantly evolving clients' requirements.

BATTERY PACK - **FLAT**

★ PRET A MANGER ★

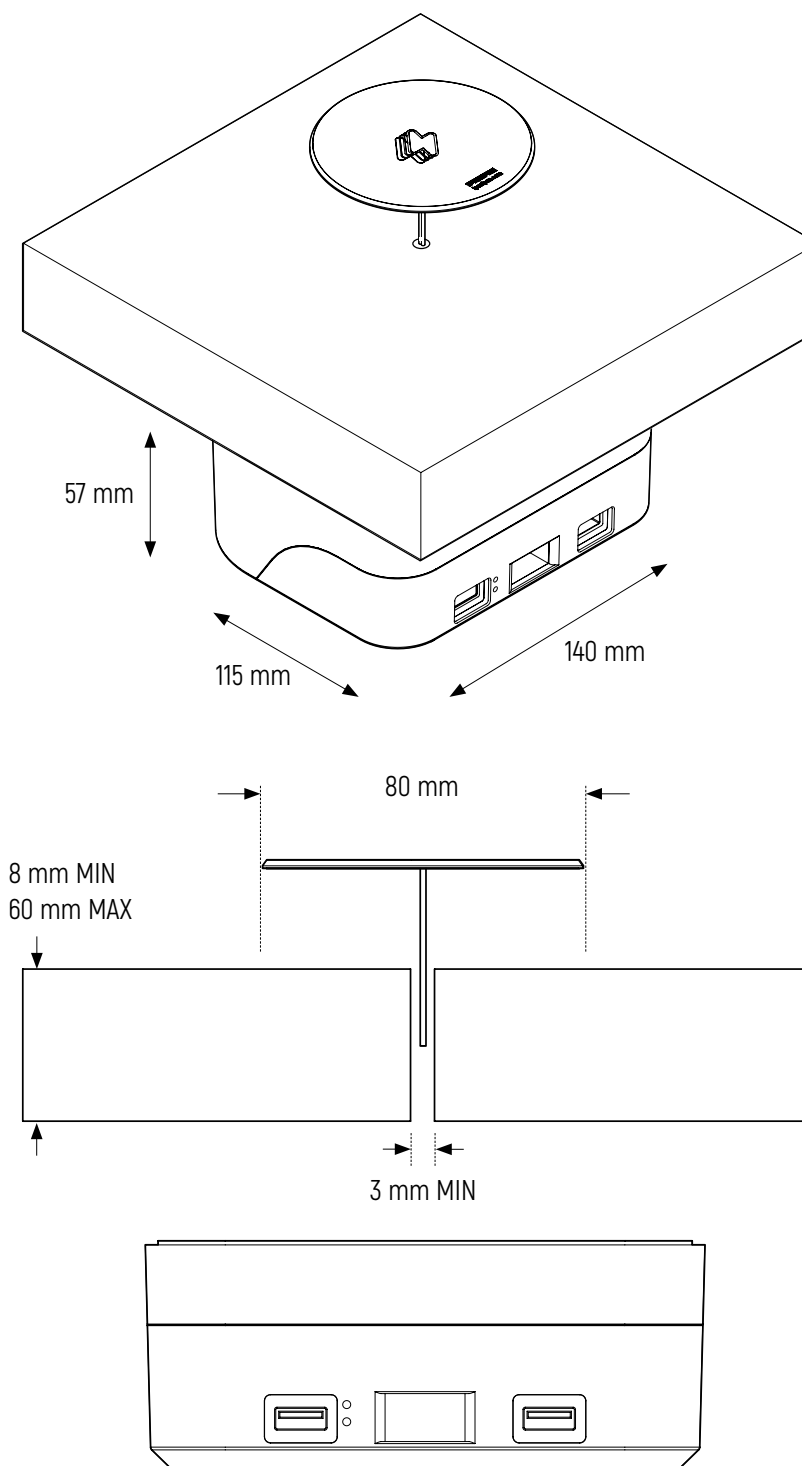

PERFECT SMOOTH FINISH ON SURFACE

Perfect condensed between design and sobriety, the FLAT charging stations are integrated into the table tops' surface to live in perfect harmony with the furniture. These charging stations create a totally flat appearance with the best level of finish that has never been achieved before.

BATTERY PACK - ON TOP

★ PRET A MANGER ★

UNIVERSAL EASY TO INSTALL SOLUTION

The ON TOP by IPAN IPAN charging stations combine slimness and robustness and can be easily and quickly installed on table tops thanks to their adhesive fixing system. The clear aluminium design allows the charging areas to be identified quickly.

BATTERY PACK - ACCESSORIES

★ PRET A MANGER ★

CHARGING TRAY

The Charging tray allows you to recharge the batteries of the Battery Pack. Up to 4 batteries simultaneously in 7 hours.

- 4 charging slots
- ACDC (40W max) available in EU, UK and US versions

MAGNETIC SECURITY KEY

The Magnetic Security Key is a handle which allows for unlocking and removal of the battery from the Battery Pack attached to the underside of the table. It is equipped with a magnetic lock system. By its design, it allows quick and easy removal of the battery and of the Battery Pack without having to lean under the table.
